About Friends of the Urban Forest

Since 1981, Friends of the Urban Forest, a premier San Francisco environmental nonprofit, has brought together communities throughout the city to plant more than 60,000 trees -- half of San Francisco's street tree canopy. Friends of the Urban Forest has a long history of integrating urban greening with civic engagement as a way to increase community health and resilience, combat the effects of the climate crisis, and promote environmental equity and social justice. Friends of the Urban Forest recognizes San Francisco's many communities and cultures and the diverse ways in which they connect with our urban forest. We also connect San Franciscans to nature and to each other.

This position at Friends of the Urban Forest would give you the exciting opportunity to be part of a growing and dynamic professional organization that has been creating a greener San Francisco for the last 40 years.

Position Summary

Friends of the Urban Forest is seeking to hire two Community Engagement Coordinators to serve as liaisons between FUF and neighborhoods in which we plant trees, with the goal of increasing demand for new trees while building green equity and community connections. This includes responding to public inquiry in a friendly and professional manner, maintenance of information systems, community organizing, and volunteer coordination. The positions are part of the community engagement team and regularly collaborate with staff, interns, volunteers, neighborhood organizers, and community groups. Both Community Engagement Coordinator positions require excellent verbal and written communication skills; however, one Coordinator position also requires fluency in Cantonese and English.

The Community Engagement Coordinator often serves as the first point of contact for community groups and individuals curious about FUF community plantings. It requires a background in community organizing, education, or customer service and involves a combination of office and field work including driving company vehicles. Strong people skills are required along with high-level cultural competency.

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties, or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice. All FUF employees are required to be vaccinated against COVID-19 as a condition of employment. The Community Engagement Coordinator position currently operates in a hybrid model with approximately 40% time working in the office located in the beautiful Presidio of San Francisco and 60% time working remotely or in the field.

Details and Responsibilities

I. Stakeholder communication - 50%

- Educates San Francisco residents about the FUF community planting model and the benefit of urban greening to inspire participation in FUF programs
